

This is a checklist we've designed to enable us to complete your work as quickly and efficiently as we can, by ensuring we have all the information we need right in front of us. This also avoids delays with having to follow up on missing or incomplete information.

For this reason, we kindly ask that you gather **everything** together **before** you send or bring in your information to us (including any individual tax returns that you require completed, as well as any companies or super funds). If we do not have everything we need, unfortunately we will be unable to start your work.

We appreciate and thank you in advance for the valuable time taken to complete our tax kit, in order for us to get you the best possible result for your tax return/s. We would also like to take this opportunity to thank you for choosing the team here at Paris Financial. We are certain you will find our staff very keen and helpful, and always willing to go to an extra effort to make you feel welcome.

If you do have any questions regarding anything contained in this kit, please feel free to contact our office, we will be more than happy to assist you.

Reminder: Our policy is payment immediately on receipt of our invoice.

Please note that it is an ATO requirement that we have Photo ID for all new clients.

If you do not currently use any software to track your income and expenses then please either use the following sheets, go to our website where we have some spreadsheets, or design your own summary of your information so that you only need to provide us with these summaries, not every receipt. This will help keep our fees down and ensures that all your original receipts can stay with you.

By signing this document you confirm that you believe that you can prove the expenses that you wish to claim in your tax return; and that you understand that you could be fined for lodging a false tax return.
